

UP IN OUT

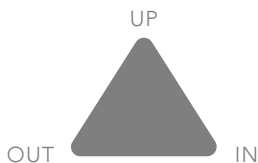

We need a living, breathing, intentional and authentic example to imitate so we can grow.

LUKE 6:12-19

- Jesus developed a pattern of prayer and listening to God
- He chose a core community to prioritise and invest in
- He developed a rhythm of being and bringing good news

KEY IDEAS

1. Prayer is the foundation of a movement
2. Go slow to go fast. Invest heavily into people
3. We need to be intentional about people and processes
4. Love everyone but focus on the POP

ACTION

We are usually wired in one way – how can we grow in the others?
